I WANT TO PUT
NATURAL PHENOMENA
UNDER UNNATURAL
CIRCUMSTANCES

TO TAKE THE
BEAUTY AND CHAOS
OF NATURE AND
BEND IT

A large, semi-transparent, abstract geometric shape resembling a fractal or a complex network. It has a central bright point from which many thin, white, branching lines radiate outwards, creating a sense of depth and motion. The overall shape is roughly spherical but with irregular, organic facets.

TOOLS

- + Flow fields
- + Networks
- + Particle systems
- + Computational geometry
- + Linear algebra
- + Fractal noise
